How to Remit—In making remittance you may send small amounts in one or two cent stamps (one cent preferred.) Post office or Express money orders or Bank drafts are satisfactory, and need not be registered. Cash should always be sent by registered mail.

Our References—The best references we have are the thousands of people who have bought from us in the past. If you have bought from us before, you know we are reliable and do just as we agree. If not, ask your neighbor, ask any bank or business house in San Jose, and they will tell you we are an old established, reliable house. Best of all send us your order and the goods will satisfy you.

NON-WARRANTY
We, the Chas. C. Navlet Co., a corporation, exercise great care to have all seeds pure and reliable, but we give no warranty, expressed or implied, as to description, productiveness, or any other matter of any seeds, bulb or ornament seeds, or plants we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

When to Plant Flower Seed and Bulbs

While this Guide is primarily intended for California conditions, itable allowance for climatic conditions. In most instances a few weeks January

Flower Garden—As next month will be a busy month it is well to get everything ready, seeds selected and the ground all spaded up. Have a definite plan of what you are to plant and where it is to be planted. In other words, lay out your garden in detail before beginning to sow your seeds. When beds are to be made use well-rotted manure and work well into the soil. Some of the Bulbs planted in the fall should be blooming during this month; in fact, a January garden is mainly dependent on this form of propagation. Some of the following Bulbs—Bearded and Gloxinia (house plant), Tuberoses, Caladium, Madeira Vine Root, Cinnamon Vine and Mystery Bulb. Continue planting the following Bulbs: Amarilis (Belladonna), Amarilis (Johnsoni), Anemones, Bleeding Heart, Crocus, Cyclamen, Freesia, Daffodil, Gladiolus, Hyacinth, Japanese Iris, Tiger Lily, Easter Lilies, Calla Lily, Narcissus, Paeonia, Ranunculus, Snowdrops, Sparaxis, Tuberoses, Daffodil, Japanese Iris, Sparaxis, and Tuberous. The Following Shrubs: Berberis, Camellia, Camellia Japonica, and Japanese Quince. Some flowering bulbs may be planted now. If Sweet Peas are planted this month the roots will be stronger and the blossoms more profuse than if planted later. All deciduous shrubs and evergreens can now be planted.

February

Flower Garden—Commence planting Tuberous Begonia Bulbs and broaden planting Agapanthus, Amarilis (Belladonna), Amarilis (Johnsoni), Anemones, Crocuses, Cyclamen, Dahlia, Dieffenbachia, Gladiolus, Gloxinia, Japanese Lilies, Tiger Lily, Easter Lilies, Calla Lily, Freesia, Tulips, Japanese Iris, Caladium, Madeira Vine, Cinnamon Vine, Lily-of-the-Valley, Sparaxis Japanica and Mystery Bulb. It is now time to commence planting the following flower seeds: Byromopsis, Castor Bean, Celosia, Cockcomb, Globe Amaranth and Ice Plant. Choose a time for biennial flowering plants which are included in directions for the February flower garden, all of which may be planted during the month of March. Look after slugs, bugs and weeding.

March

Flower Garden—Continue planting Bulbs as follows: Agapanthus, Amarilis, Tuberous Begonia, Cyclamen, Dalias, Dieffenbachia, Gladiolus, Gloxinia, Japanese Lilies, Tiger Lily, Easter Lilies, Calla Lily, Freesia, Tulips, Japanese Iris, Caladium, Madeira Vine, Cinnamon Vine, Lily-of-the-Valley, Sparaxis Japanica and Mystery Bulb.

April

Flower Garden—There are still a goodly number of Bulbs that may be freely planted during this month and are: Agapanthus, Amarilis (Johnsoni), Tuberous Begonia, Cyclamen, Callunia, Calceolaria, Cinerea, Cineraria, Clivia, Crotalaria, Datura, Dieffenbachia, Gladiolus, Gloxinia, Japanese Lilies, Tiger Lily, Easter Lilies, Calla Lily, Freesia, Tulips, Japanese Iris, Caladium, Madeira Vine, Cinnamon Vine, Lily-of-the-Valley and Sparaxis Japanica.

Among the flower seeds that you should commence planting are the different ornamental Gourds. Nearly all flower seeds may be planted this month, all over this calendar, except Centaureas. Watch for the bugs and keep the weeds down. To xerox Balsas, and I troubled with green aphids, use tobacco wash freely.

May

This month you may still continue planting Tuberous Begonia, Dahlia, Gladiolus, Gloxinia, Paeonia, Parrot, Caladium, Madeira Vine, Cinnamon Vine and Spathiphyllum. Among the seed flowers that you wish to grow in cornucopia are the following: Calceolaria, Cinerea, Cinerea, Clivia, Crotalaria, Datura, Dieffenbachia, Gladiolus, Gloxinia, Japanese Lilies, Tiger Lily, Easter Lilies, Calla Lily, Freesia, Tulips, Japanese Iris, Caladium, Madeira Vine, Cinnamon Vine, Lily-of-the-Valley and Sparaxis Japanica.

NOVELTIES AND SPECIALTIES

BUTTERFLY BUSH
(Or Summer Lilac)

A matchless show plant for the garden. The long tapering flower-spires often a foot and more in length, are covered densely with blooms of miniature size—and possessing a sweet heliotrope fragrance. A single plant will perfume the entire garden all through the season. The stems are strong and stiff and the blooms last a week after cutting without losing their freshness and beauty. Perfectly hardy—and succeeds everywhere. Flowers freely the first season planted. A paradise for Butterflies and we have seen times when hundreds of white butterflies were on one bush. This flower the past season has become very popular with the flower lovers, being used very extensively in baskets—bouquets and decorations. Strong plants 25c each; from 5-inch pots, 60c each, postpaid. Extra large plants from 6-inch pots, $1.00 each.

NEW GOLDEN COLORED
BUTTERFLY BUSH

FLOWER SPIKES, A BEAUTIFUL ORANGE GOLD

Description same as above. Strong plants $1.00 each; 5-inch pots $2.50 each, postpaid.

GUINEA BEAN---The Wonder of the Age

ONE VINE WILL FEED A FAMILY OF EIGHT

The Guinea Bean is a horticultural marvel. Used by the Italian people the same as the Italian Squash. For table use the fruits should be picked when about the size of a cucumber, and are cooked like summer squash. They have a very fine flavor and are liked by all. One vine will furnish enough squash for a family of eight persons. If permitted to grow, for ornamental purposes, the squash will attain a length of four to five feet. For arbors and for shade the Guinea Bean is increasingly popular—on account of its rapid growth which averages 59 to 75 feet a single season.

PRICE, PER PACKET, 10c

CHICKEN LETTUCE
DON'T BE WITHOUT

MOST EXCELLENT CHICKEN FOOD HEAVY BEARER

This variety does not make a head but seeds up to a stout stalk 1 to 4 feet high just loaded with leaves which can be pulled off each stem like Kale. Plants can be cut down, and new shoots will spring up and grow rapidly. Packet 10c, ounce 35c, pound $1.00.

FLOWERING PEACH
VERY ORNAMENTAL

Strong Trees, 2 to 3 feet, Only $2.50 Each

BEAUTIFUL PINK FLOWERS LONG BRANCHES

They blossom in April and the branches are covered with a mass of beautiful double pink, dark pink, and rose pink flowers as large as Camellias, long before the leaves appear. 2 to 3 ft. $2.50 each.

MRS. ALFRED CONRAD CANNA
25c Each, $2.50 Per Dozen, Postpaid

One of the most glorious of all recent introductions. Its salmon-pink flowers are of massive size, matchless form, and wondrous beauty. The Conard is an exceedingly free bloomer and will arouse the greatest enthusiasm wherever it is grown. Don't fail to include at least one of these grand new Cannas with your first order. Large roots 25c each; $2.50 per doz., postpaid.

WONG BOK
(CHINESE OR CELERY CABBAGE)

Fine for salads and greens. Culture is the same as for winter cabbage. Will grow in any good soil. Packet 10c, ounce 50c, quarter Packet 10c, ounce 90c, quarter pound $1.50, pound $5.00.

PERSIAN MUSKMELON

This melon is large and heavy or its size. From 3 to 10 inches in diameter. Melon very netted globular in shape. flesh is firm, col- or, bright orange. Flavor different from other melons. comes out delightfully when melons are well ripened.

Pkt. 10c, oz. 45c,
1/2 lb. $1.35, lb. $4.50.

HONEY DEW MELON

This melon has won the highest praises from all. Melon is medium size weighing 3 to 6 pounds; about 6 inches in diameter and slightly oblong. Skin smooth, color, while growing white. when ripe creamy yellow. Flesh thick, light emerald green in color, melons size from vines when ripe, can be stored in cool place and will keep until Christmas. Packet 10c,
1 oz. 25c, 1/2 lb. 75c,
1 lb. $2.50.

-4-
Celestial or Yard Long Bean

A good table Bean as well as a curiosity. It is very prolific and a rank grower. One of the most suitable climbers for an arbor. It should be grown more extensively in the home garden. It is of Chinese origin and one of the best vegetables emanating from that source. Packet 25c; quarter pound 75c, postpaid.

Japanese Air Plant

A novelty imported from Japan. Grows without water or soil. It will not stand the sun, as the sprays are very fine, and the sun will burn them. These plants absorb the moisture from the air; this keeps the plants looking beautiful all the time. The plant is of a beautiful green color, and is a very beautiful ornament for the parlor, and is inexpensive. The plants are arranged in a pretty dark twig basket, and can be suspended from a chandelier or placed in the center of a table, where the effect is beautiful. Plants 30c each, postpaid.

Twig Basket made especially for the Air Plants 40c each, postpaid, or basket and two Air Plants, enough to fill a basket and make a pretty effect, 90c each postpaid.
FRUIT AND CITRUS TREES

CHERRY
3 TO 5 FEET—$1.00 EACH—$9.00 PER 10

BLACK TARTARIAN—Fruit of the largest size, bright purplish black. Ripens in late May.

NAPOLEON BIGARREAU (Royal Ann)—Pale yellow becoming amber in the shade, with a bright red cheek. Ripens in late June.

BING—Fruit large, dark brown or black. A good shipping variety. Ripens in middle of June.

LEWELLING—(Black Republican)—Cross between Napoleon Bigarreau and Black Tartarian, having the solid flesh of the latter, and the color of the former. Ripens in July.

BURBANK—The fruit is extremely large, indescribably luscious, deep crimson in color and matchless in quality.

CRAB APPLE
4 TO 6 FEET—$1.00 EACH—$7.50 PER 10

RED SIBERIAN—Yellow with scarlet cheek. Ripens in August.

TRANSCENDENT—Large, red and yellow. Tree a remarkably strong grower. Ripens in September.

LEMON
3 TO 4 FEET—$1.00 EACH—$7.50 PER 10

ADRIATIC—Fruit above medium size, skin white and thin. Pulp red, fine, exceedingly aromatic and changes to an amber color when dried.

CALIFORNIA BLACK—Fruit large, dark purple, almost black when fully ripe. Make very good dried figs.

KADOTA—Medium sized, thin, white skin and white pulp. One of the best for canning and pickling. Produces second year.

NECTARINE
4 TO 6 FEET—$1.00 EACH—$7.50 PER 10

BOSTON—Large, deep yellow, with a bright blush and deep mottlings of red.

STANWICK—Very Large, Pale skin. White flesh—tender juicy.

ORANGE
3 TO 5 FEET—$2.50 EACH—$25.00 PER 10

"THE WASHINGTON NAVEL"—It well deserves the title of "King of oranges." Tree is a rapidly grower and an early and prolific cropper. Fruit juicy, melting, seedless.

PLUM
4 TO 6 FEET—$1.00 EACH—$7.50 PER 10

SATSUMA—Large, red, flesh firm, solid, juicy and of superb flavor.

GREEN GAGE—Small, but of the highest excellence. Round. Greenish-yellow, with brown dots. Very juicy and sweet. Ripens in August.

SANTA ROSA—One of the best Japanese type. Large, purplish crimson, flesh yellow, streaked with crimson. Best for shipping. Ripens in June.

WICKSON—Large, yellow, overlaid with carmine, flesh firm, sugary, delicious, small pit. Ripens in August.

GAVIOTA—Fruit nearly round, sometimes oblate, deep purplish-red, flesh clear yellow, very fragrant and sweet, pit exceedingly small. Ripens in August.

PRUNE
3 TO 5 FEET—$1.00 EACH—$5.00 PER 10

FRENCH—A well-known variety so extensively planted for drying. Medium size egg-shaped, violet-purple Juicy, very sweet, rich and sugary. Ripens in August.

SUGAR—An extremely early Prune. Very large. Ripens August 1st. Skin very tender.

IMPERIAL EPINEUSE—Large and uniform in size. Very sweet and high flavor. Skin thin and of reddish purple when fresh, and dark purple when dried black. Ripens in September.

QUINCE
3 TO 5 FEET—$1.00 EACH—$7.50 PER 10

PINEAPPLE—Fruit very large. Makes a highly flavored jelly. Its flavor is the same as that of a pineapple.

APPLE
4 TO 6 FEET—$1.00 EACH—$7.50 PER 10

RED ASTRACHAN—Large, deep crimson. Ripens in July and August.

ALEXANDER—A very large, deep red or crimson Apple. Ripens in September.

ESOPUS SPITZENBERG—Large, light red, delicately scented with light bloom. Ripens in December.

YELLOW WINTER PEARMAIN—(W)—Largely, pale yellow. Ripens December to March.

DELICIOUS—Large, dark red, long keeper. Ripens in November.

APRICOT
4 TO 6 FEET—$1.00 EACH—$7.50 PER 10

BLENEHEIM—Orange with a deep yellow cheek. Ripens in July.

HEMSPKIRKE—Strongly resembles the Napoleon in size and color, but differs from that variety in ripening a little earlier and more evenly. Ripens July to August.

MOOCPARK—Small, or brownish red. Quitly juicy with a rich and luscious flavor. A favorite canning variety. Ripens in August.

ROYAL—A standard variety. Skin dull yellow with an orange cheek. Ripens in July.

POMEGRANATE
3 TO 5 FEET—$1.00 EACH—$7.50 PER 10

PAPYRA SHELL—A heavy bearing variety. Skin very thin hence the fruit is a good size.

PEACH
4 TO 6 FEET—$1.00 EACH—$7.50 PER 10

Freestone Varieties
EARLY CRAWFORD—Large, yellow. Peach of good quality. Its size, beauty and productiveness make it one of the most popular varieties. Ripens last of July.

STRAWBERRY—Medium size, oval. Skin marbled with deep red. Flesh white, juicy, rich and of a delicious flavor. Ripens middle of June.

MUIR—Fruit very large. A fine shipper, and one of the best canning Peaches. Ripens in August.

HALES EARLY—Medium size round—skin greenish-white red cheek; very rich and juicy. Ripens early in July.

ELBERTA—Very large. Skin golden yellow where exposed to the sun, faintly striped with red. It is a perfect freestone and one of the most successful market varieties. Ripens in July.

Clingstone Varieties
TUSCAN—A good shipping and canning peach. Very desirable on account of its early maturity.

PHILLIPS—Large. Flesh clear, yellow to the pit, which is very small. Ripens in September.

HENRIETTA CLING—(Levy's late Cling)—Magnificent yellow cling, very large, skin covered with bright crimson, hardy. September.

PEAR
4 TO 6 FEET—$1.00 EACH—$7.50 PER 10

BARTLETT—Large, skin very thin, clear lemon-yellow, with soft blush on the sunny side. Thrives in all parts of California. Ripens August.

SECKEL—(P)—Rather small, regular formed, yellow with russet red cheek, flesh cream color, smooth and characteristic. Exceeds all other sorts in quality. Ripens in September.

EASTER BEURRE—(W)—Very large, yellowish green, fine grain, very buttery, melting and juicy, with a rich and sweet flavor. One of the best keepers. Ripens in October.

We Have Made Big Reductions in our Plant Prices—BACK TO NORMAL

Thompson's Seedless
ONE OF THE MOST POPULAR OF RAISIN GRAPES
Very productive. Ripens in July. Berries rich in color—very firm and entirely seedless. Thompson Seedless Raisins are in big demand, and have few rivals. Vines, 25c each; 10 for $2.00; 100 for $20.00

White Sweetwater
(CHASSELS FONTAINEBLEAU)
A general favorite, should be in every garden. The bunches are very large and compact. The berries are of a medium size. The skin is very thin, transparent, and of a greenish-yellow. One of the best early grapes. 25c each; 10 for $2.00; 100 for $15.00

CHOICE VARIETIES
All strong well-rooted vines that should give an abundance of delicious fruit wherever planted. Vines 25c each; 10 for $2.00; 100 for $15.00 by express. Ready for immediate delivery.

BLACK HAMBURG—A fine tender grape, producing large, magnificent bunches. Berries black, very large and oblong.

EMPEROR—Clusters large, with large, oval, rose-colored berries. One of the most valuable grapes for shipping long distances.

MALAGA—A fine strong grower and immensely productive. Bunches of medium size. Berries very large, oval, yellowish-green. Skin thick and firm.

MUSCAT OF ALEXANDRIA—Bunches large long and loose. Berries large, slightly oval, pale amber when ripe.

MUSCAT HAMBURG (Black Muscat)—Bunches and berries large. Of fine flavor.

AMERICAN VARIETIES UNIVERSALLY USED FOR ARBOR

WALNUT—Berries large, globular, almost black, covered with a fine bloom. Big, juicy, sweet and pleasant.

NIAGARA—Large uniform bunches, compact, large round greenish white berries slightly ambered in sun. Very fine.

PIERCE—(Isabelle Regis)—Strongest grower of all. Berries very large, black with heavy light bloom; sweet; pulp soft; fine shipper.

WOMING—Early light red grape, enormous crop; valuable grape. Very good bearer.

ALMOND, WALNUT AND CHESTNUT TREES

Paysaine Seedling—This is one of the finest Walnuts of today. Begins to bear large, well-filled nuts the first year after planting. When three years old bears in abundance. Proven to be one of the best. Our stock is all well established and grafted trees. 4 to 6 feet, $5.00 each; $45.00 per 10.

CALIFORNIA BLACK—Nut roundish, much soonerer than the American Black Walnut, and the kernel is sweeter and of a more delicate flavor. 4 to 6 feet, $1.00 each; $9.00 for 10.

FRANQUETTE (Grafted)—Nut very large and long. Kernel full-fleshed, sweet and rich. Buds out late in the spring. A good market variety. For Trees, 4 to 6 feet, $2.00 each, 10 for $25.00.

MAYETTE (Grafted)—One of the best dessert nuts grown. Large, full-fleshed and sweet. Trees, 4 to 6 feet, $3.00 each, 10 for $25.00.

Chas. C. Navlet Co's Seedless Blackberry

EARLIEST—HANDSOMEST—JUICIEST—MOST PRODUCTIVE—MOST PROFITABLE BERRY EVER INTRODUCED

40c Ea. Post paid 12 for $3.50 Post paid

READY FOR IMMEDIATE DELIVERY

Chas. C. Navlet Co's wonderful Seedless Blackberry grows in popularity each season. Our orders for this matchless berry increase every year, and repeat orders for more plants are constantly being received from customers who have tried them out and who want to plant more of them.

THIS IS THE EARLIEST—HANDSOMEST—JUICIEST—MOST PRODUCTIVE—MOST PROFITABLE—AND MOST SATISFACTORY BERRY EVER INTRODUCED FOR BOTH HOME AND MARKET GROWING.

It clearly outclasses all other varieties. It is four weeks ahead of the next earliest berry—and is at its best when other varieties are just beginning to ripen. It is larger than such well-known berries as the Kittatiny, Crandall and Lawton—juicier than any berry we have ever tasted—more luminous and richer in flavor than any other—and is by all odds the handsomest looking berry ever shown on the market. IF PLANTED THIS SPRING OR SUMMER IT WILL BEAR SMALL DROP THIS YEAR—and it is the only blackberry that will bear the first year. While not entirely seedless it is so nearly so that the few small round soft seeds are not noticed in eating. As a profit producer it is unbeatable—and as a berry for one's own table it is unsurpassed. ORDER AT LEAST ONE OF THESE SEEDLESS BLACKBERRY PLANTS—DON'T FAIL. Plant from December to April. Be first in your town to grow these berries.

LOGANBERRY

The Wonderful Blackberry-Raspberry

PER TIP 25c; 10 FOR $2.00, POSTPAID. 100 FOR $15.00, BY EXPRESS. READY FOR DELIVERY FEBRUARY 1st.

TWO YEAR OLD ROOTS 35c EACH; $3.50 PER DOZEN, POSTPAID—READY FOR IMMEDIATE DELIVERY

The Logansberry originated in California. It is unlike any other berry in existence. A hybrid between the Raspberry and the Blackberry it combines a nature of both in appearance but has a delicious vinous flavor peculiar to itself. Hardy as a rock—it stands the driest—weather without flinching—and fruits in the poorest soil. The bushes are of low-growing habit and have strong canes without thorns. One of the most profitable berries you can cultivate.

DEW BERRY

The Dewberry is a most wonderful berry, ripening an immense crop of fruit before late Raspberries are gone. In some localities it ripens in May. Large, firm, of superior flavor and very attractive. A rampant grower and may be trellised like grapevines. Roots from tips like Cap Raspberries. Those who have grown it consider it one of the greatest berries ever introduced. It is certainly, if extreme earliness, enormous productiveness and finest quality count for anything. Perfectly hardy, standing extreme cold dressing and heat equally well.

We do not charge for packing and cartage on berry plants, and all orders are guaranteed to arrive in good growing condition. PURCHASER TO PAY TRANSPORTATION EXCEPT WHERE OTHERWISE STATED.
Phenomenal Berry
A Delicious Cross Between the Raspberry and the Blackberry—A Triumph of Luther Burbank

Of this extraordinary berry Mr. Burbank says: "It is larger than the largest berry ever known. It has a bright crimson raspberry color, is as productive as could be desired, and the most delicious of all berries for canning and drying. The berries grow in clusters of 5 to 10 or more each, and the individual berries measure three inches around one way, by four inches the other way, and weigh one-quarter ounce each—even larger ones were weighed and measured last season." We have found this berry to be all that is claimed for it—phenomenal in every particular. It tastes and looks like both the raspberry and the blackberry. It is one of the most remarkable of all new fruits introduced during this generation. A berry of sterling worth in every particular. It is twice as large and in many ways superior to the new Loganberry which is being so highly praised. 35c per tip, postpaid; 10 for $2.75, postpaid; $22.50 per 100.

RASPBERRIES
Choicest Varieties for Pacific Coast Growing

GUTHBERT—"The Queen of the Market"—A standard hardy variety, that endures northern winters and southern summers equally well. The berries—a deep rich crimson in color—are of very large size, delicious flavor and so firm that they can be shipped hundreds of miles. The bush is a very vigorous grower and bountiful producer. 25c per plant, postpaid; $1.25 per 100, postpaid; $10 per 100. Ready for delivery.

SUPERLATIVE—A most delicious variety. The Superlative Raspberry is a surprise in the fulness of its merits.

BLACKBERRY AND RASPBERRY CULTURE
Each year, after the leaves have fallen, and have left the canes bare, cut off the canes that have fruited during the summer so they will be level with the surface of the ground. Blackberries should be planted in rows from 6 to 8 feet apart, and the plants 3 feet apart in each row, as they have a constant tendency to spread themselves in the rows.

CURRANTS
Leading Varieties

CHERRY—The largest Red Currant in existence. The berries grow in immense clusters, resembling bunches of red grapes. 25c per plant, postpaid; $3.00 per 10.

WHITE GRAPE—This is the hardiest white sort ever introduced, and is therefore especially desirable. This and Cherry we consider the best of all Currants. 25c per plant, postpaid; $3.00 per 10.

BLACK NAPLES—A fine Black Currant and a general favorite. The berry and bunch are very large and of most excellent quality. 25c per plant, postpaid; $3.00 per 10.

Three Phenomenal Actual Size

Thornless Blackberry
A Wonderful Novelty—Perfectly Thornless

The Thornless Blackberry grows like the Mammoth Blackberry. It is a rapid grower; canes are large and strong; foliage large, thick and deep green in color; fruit enormously large; very early. With one exception this berry resembles the well-known Mammoth Blackberry excepting the canes are entirely thornless. Plants 35c each, postpaid; 10 for $2.50, postpaid.

Berries will grow in almost any soil and require very little attention. Every home should have its berry patch—where the ripe, luscious berries can be picked fresh from the vines each day. Our plants are a guarantee of success. WE ARE THE LARGEST GROWERS ON THE PACIFIC COAST AND OUR LOW PRICES INCLUDE PACKING AND DELIVERY TO FREIGHT OR EXPRESS OFFICE. Purchaser pays transportation unless otherwise noted.
Every Home Garden Should Have a Patch

</tbody>
</table>

This is the famous "Banner" Berry that has become such a favorite up and down the Pacific Coast. The berries are uniformly of good size and are very finely shaped. On account of their size, shape and color they present a most attractive and appetizing appearance.

It is an extraordinarily prolific producer, returning a handsome profit to the commercial grower. The vines are of a very vigorous habit—and do not require the same delicate attention as some other varieties. It is easy to grow—and sure to give complete satisfaction. Choice plants 12 for 60c, delivered free; 100 for $3.50. Express collect.

<tbody>
<tr>
<td>Every home garden should have its strawberry patch. There are no berries like those you pick from your own vines—ripened to perfection and covered with the morning dew! It fairly makes one's mouth water to think of them! See below for cultural instructions. Chas. C. Navlet Co.'s Strawberry Plants are large, vigorous and free from disease. They are heavily rooted—with large full crowns. They are sure to grow and produce big crops of the finest berries if given half a chance. We have hundreds of letters from those who have had big success with our plants—from both home gardeners and market growers. The following Strawberries are famous for their productivity—fine color—uniform shape—firmness—and rich flavor. You will make no mistake in choosing from this list.</td>
<td></td>
</tr>
</tbody>
</table>

BRANDYWINE
An extra fine, very large and enormously productive medium-to-late Strawberry. Exceptionally sweet, perfect in form and of a rich glossy crimson color, which prefigures the flesh, almost to the center. An ideal dessert berry, unsurpassed for canning and preserving. The plant is a strong, luxuriant grower—succeeds in any soil—and can be always depended upon to yield a bountiful crop. |

LONGWORTH'S PROLIFIC
A well-known and immensely popular Strawberry, especially in California. Fruit small but very sweet. Always commands a high price in the market.

MAGOON
This self-fertilizing Strawberry is a leader in hardiness and possesses many desirable features. The berries are very large and of fine form. They are bright red in color and have a very rich, full flavor. The Magoon is especially good where hard winters are the rule—as it will stand the most trying weather.

STRAWBERRY CULTURE
The ground should be prepared by digging or plowing about 12 inches deep. The soil should be well enriched with thoroughly rotted stable manure or ground bone, or any other good fertilizer and worked thoroughly in the soil. Make the beds about 3 feet wide, so as to accommodate 3 rows of plants. The plants should be set 15 inches apart each way. Don't allow running plants to set closer than 4 inches after the plants begin to send out runners. The plants must have ample room to build up. Keep the soil around your plants well loosened and never allow the soil to get hard around the young plants. Hoe often.
NON WARRANTY. We exercise great care to have all seeds pure and reliable, but we give no warranty, expressed or implied as to description, quality, productiveness, or any other matter or way responsible for the crop. If the purchaser does not accept the goods under these terms, they are at once to be returned.

**PRICES ARE POSTPAID TO THE 4TH. ZONE ON SEEDS.**

Large Roots—Fine for salad. The dried roots used for an adulterant
SWEET CORN
Plant from March to July
Early Mammoth or Alameda Sweet—Early corn;
Almeda for the San Francisco market:
Black Spanish—Sweet as honey. The grains when first performed are pure white:
Extra Early White Cob—One of the largest and best extra early varieties:
Stowell’s Evergreen—The standard main crop variety:
Golden Bantam—A very early variety:
Country Gentleman is the finest of all sweet corns for:
FAVORITE FIELD CORN
Tammie Corn
Common Yellow or White—Field or Fodder:
Pop Corn—The most popular variety
CORN SALAD
Plant from March to May or August
Fettucis or Lamb Lettuce—Used during winter and spring months as a substitute for lettuce:

CRISPS
Plant from February to April
Water Cress—A fine salad. Also used as garnish for meats during the winter:

CUCUMBERS
Plant from March to June
White Spine—A rich dark green variety turning white when ripe:
Early short Green—Early Frame Cucumber. Fruit, straight, small at each end, bright green:
Green Profile—(Boston Pickling). Fruit medium size very smooth, symmetrical and of beautiful bright green:
Improved Long Green—Fruit about twelve inches long, fine and crisp. Excellent for pickles and when mature is sometimes used for making sweet pickles:
Japanese Climbing—The vine attains nearly twice the length of common varieties:
Small Gherkins—Four pickles. One of our popular specialties. Very small, oval, prickly variety:
Lunenburg—The fruit as large as the shape and color of a lemon:

ONIONS
Long Green Curled—Large strong grower:
Broad Leaved Batavian—(Escarole) Broad, thick, plain or slightly wrinkled leaves:

DAISY
Plant from March to August
Improved Large Leaved—The largest leaved and most prolific variety:

EGG PLANT
Plant from February to April:
New York Improved Purple—The fruit is of large size with smooth, glossy, deep purple skin:
Early Long Purple—This fruit from six to ten inches long:

KOHL RABBIT
Plant from February to June or September to October
Turnip Rooted Cabbage—Grown from its turnip shaped bulb which is formed above ground:

BRITTLE
Plant all year round
Big Boston—Plant large, hardy and vigorous. Color, light green:
California Cream Butter—(Cabbage Lettuce). A very early variety for winter and autumn use:
Hanson’s Improved—Head very solid and beautifully blanched; crisp, mild and tender:
Iceberg—Large solid heads, light green, slightly tinged with brown; very tender and crisp:
Los Angeles—Most beautiful, attractive and good to eat lettuce:
May King—Cabbage is a light green with yellow head:
White Los Angeles—Produces large solid heads of hardy quality:
White Paris Co—(Romano)—The heads are long and conical;

LEEK
Large American Flag—The favorite variety with market gardeners:
Large Flag or London—The sort usually cultivated. Hardy and vigorous:

MUSKMELONS and CANTALOUPES
Plant March to June
The Hoodoo—Early and prolific. Fruit of medium size; excellent for the entire family. Rind thin. Orange or salmon color:
Large Seedless Cantaloupe—Melons uniform size and specially flavored:
Burrill’s Gem—A medium sized oval variety, deeply netted, salmon or red flesh:
Millionaire—Some weigh as high as 9 pounds, and a single melon is always large enough for the entire family. Flesh unusually thick, only very small hole in the center. Cream size; medium color, matched the great texture, sweet as honey:
Montreal Improved Green Nutmeg—Fruit round, flesh thick, luscious and melting:
Hackensack or Turk’s Cap—Ribs large, flesh green, thick and finely flavored:
Rocky Ford Musk-melon—Vine exceedingly healthy. Fruit averages five to six inches in length:
Casa—Wonderful new winter Musk-melon. Flesh thick, juicy and palatable to within 1/4 inch of the skin. Seed cavity very small:
WATERMELONS
Plant from March to June:

Chilian—Brittle, thin skinned, elongated. Cucumber seed. A small globular variety, Flesh white, solid and red:
Zuban Queen—Fruit large size, elongated form:
Fordhook Early—Skin green, Flesh bluish red, crisp and sweet. Rind thin tough:
Tom Watson—Prolific. Long, dark green. Two melons to vine. Tough rind, flesh deep red:
Angelina—Deep red Flesh, choice flavor or dark green skin. Extremely early:
Kleckley Sweets—Fruit large, elongated dark green skin, thin rind. Flesh scarlet, solid heart, rich flavor:
Georgia Rattlesnake—Rind thin, light green, beautiful stripes. Flesh scarlet, solid, tender and very sweet:
Florida Favorite—Rind thin, flesh deep red. Flavor excellent:
MUSTARD
Plant from February to May:
Southern Giant Curled—May be boiled and eaten like spinach:

ONIONS
Plant from September to May:
Red Bermuda—A very early flat variety, color pale red:
Extra Early Flat Red—The first to ripen and one of the handsomest of the red sorts. Yields abundantly:
Yellow Globe Danvers—Round. Color rich brownish-yellow:
White Portugal—White Onion for general culture:
King of the Yellows—One of the handsomest, finest flavored, prolific, best keeping. Onions ever introduced. Leader of the yellow skins. Flesh is white and fine grained:
Prize Taker—The Prize Taker attains the enormous size of the famous Wallachian Onion, and its mildness and tenderness are unequaled:
Early Australian Brown—An Onion of the wonderful keeping quality:

Yellow Flat Danvers—Many growers prefer this to the Globe Danvers, as ordinarily it is a very heavy crop:
White Bermuda—A very early variety. It is mild and of a particularly fine flavor:
White Globe—Silvery white ball-shaped Onion of large size:
Large Red Wethersfield—All clean, solid, heavy, perfect and entirely free from scallions or chinks:
Southport Yellow Globe—A popular orange yellow:
Potato Onion—The Potato Onion produces young bulbs on the parent root, which should be planted early in the spring:

Garlic

OKRA or GUMBO
Plant from March to June:
White Velvet—:
Tall or Perkin’s Mammoth:
ONION SETS
White or Yellow:
When grown from sets the Onions may be used in the green state or ripened off for large onions:

---End---
SELECT PEAS

- Yorkshire Hero or Alameda Sweet Peas: (All the year round) half inch, height. Pods broad and medium sized...
- American Wonder—(Extra Early)—Earliest wrinkled pea. Vine grows to 6 to 8 inches high. Very prolific.
- Gradus, also called Prosperity Pea—(Extra Early)—Very early, large pods, set at 3 to 6 feet tall. Peas are large...
- Late Telephone Pea—(Late)—Vine vigorous, produces abundance of large pods filled with peas...
- Adirondack—(Early)—Extra vigorous. Pods dark green, well filled. british Winter Dwarf Pea with extra large pods, and peas of finest quality. Profilic.
- Burpee's Best—(Early)—Best early pea of the smooth seed varieties...
- Laxton's (Late)—Medium dwarf in habit of growth. Large pods...

Navlet Co’s
GOLD COIN POTATOES

MOST PROFITABLE MARKET POTATO EVER PRODUCED

Positively the earliest of all early varieties

Per pound 12c post paid 4 pounds 40c post paid 100 pounds $6.50

Three weeks earlier finest quality uniformly large

The Gold Coin Potato is absolutely the finest Potato to be found anywhere. It has no equal. Season after season it has demonstrated its superiority over all other good varieties. No other Potato on the market can compare with Chas. C. Navlet Co’s Re-selected Strains of Gold Coin Potatoes for earliness, productiveness, profitableness, quality, uniformity, size, fine appearance and vigorous growth.

The tubers are all of good size and lie close together in the hill. They are slightly oblong, rather broad, and quite thick through—note the illustration. The eyes are small, and there is but little waste in peeling. The skin is thin, smooth, and glossy, and of a light golden tint—just enough coloring to distinguish it from the white skinned varieties.

The flesh is finely grained, of a pure pearly whiteness, and cooks to a dry floury flatness. Unlike most other Potatoes, which have to be well dried out before they will cook well, the Gold Coin cooks crisp and mealy even when freshly dug. For home use or market growing it is unsurpassed. Its vigorous growth and great productiveness together with its solidity, smooth, regular form, and fine table qualities make it a ready seller wherever introduced.

The vines are strong and have exceptionally luxuriant deep green foliage, making a healthier growth when other varieties are cut down by blight. Gold Coin Potatoes will grow anywhere—and never fail to give complete satisfaction. We offer the very finest seed obtainable. Our seed stock is all carefully selected from vines that have shown unusual vigor and that have borne heavily of large uniform smooth-skinned Potatoes. Better buy your seed direct from us and avoid possible disappointment and loss of time and money. Per pound 12c, 4 pounds for 40c, 100 pounds for $6.50; 25 pounds at 100-pound rate.

Six Other Superior Potatoes

10c per pound, postpaid 50 pounds or more at 5c per pound

Uncle Sam  Red Early Rose  Early White Rose  British Queen  Oregon Burbank Low Top  American Wonder

We assure you that the seed Potatoes we send out will not only be the best we can supply but the best to be had from any source at any price. To that end they will be not only strictly true to name, but hand-sorted, selected stock such as anyone will be proud to plant. Per pound 6c; 50 pounds or more at 5c per pound.

Planting directions—Plant from February to May. The soil best suited to the Potato is a rich, sandy loam, but it seems to thrive in almost any soil or climate. The Potato, being a gross feeder, requires a liberal application of manure. It is not necessary to rot it, but it should be thoroughly mixed with the soil. On no other crops are the results from the use of phosphates so manifest, as on the Potato, almost invariably the tubers are smoother, brighter and freer from rust and the destructive influence of wire-worm. The best fertilizers are super-phosphate of lime and bone dust. After the Potatoes are cut they should be spread out, allowing the starch to dry. This forms a callous. Potatoes treated this way grow quicker and are not so liable to rot as if planted immediately after being cut. Plant in rows 3 feet apart and 12 to 16 inches apart in the rows, dropping two or three pieces in each hill, covering about 4 inches. The ground should be plowed, fertilized and hoed four times during the season. Should be thoroughly cultivated so as to retain the moisture; otherwise the results will be small potatoes of inferior quality. Hoe the earth toward the plants as they advance in growth.

By changing seed every year, better results are obtained. Potatoes must be planted on one soil year after year degenerate.
NO NEED TO WAIT FOR SEED TO GROW

HOME gardening is not merely a pleasant relief from the grind of house-work, but it is a duty that prevailing conditions place upon every man and woman with a garden to work and the time to work it. One cannot buy vegetables like onions, garlic, ginger, and dill, fresh and delicious from one's own garden patch. Such vegetables are not dust covered, not dried and withered. Not stale and unappetizing. Not handled three or four times before they reach you. But clean—and palate-pleasing—right from your own garden to your own table.

You don't need a lot of ground in which to grow a home supply. A few square feet of garden is enough. Order a few plants of the varieties you prefer and you will have fresh vegetables at your command all the year round.

When plants these are so easily grown—and when one cannot buy such vegetables as is one can pick from one's own garden patch.

THESE PLANTS SAVE WEEKS OF TIME

TOMATOES—At a cost of only a few cents any family can, with very little care and attention, raise sufficient tomatoes for every need. All season long a few plants will supply more than can be eaten, and will produce excessively for can for winter use, too. The best varieties for the table, or canning—Ponderosa, Stone, Trophy and Earlsana. 25c per dozen, postpaid. $1.00 per 100, Ready for delivery in March.

CHAS. C. NAVET CO.'S EARLIEST OF ALL TOMATO—This is such an exceptionally fine Tomato that it is deserving of the name. Extremely early—and produces heavily. All season long until frost. Large in size and solid meat, smooth Skin, and fine deep red color. Only one variety, a remarkable keeper making it especially desirable as shipping Tomato. Ready for delivery in March 12 for 25c, postpaid; 100 for $2.50.

FLAVORING PLANTS

MINT ROOTS—Mint is one of the hardest things to find in most stores. For delivery your own seed, postpaid. Ready all year round.

SAGE—Sage is usually wanted when not obtainable. 25c each; $1.50 per dozen, postpaid. Ready in March.

TARRAGON or ESTRAGON—For flavoring. 25c per plant; $2.50 per dozen, postpaid. Ready in March.

THYMES—For seasoning. 25c each; $1.50 per dozen, postpaid. Ready in March.

RHUBARB ROOTS

You ought to have a few roots of this delicious vegetable in your garden. We offer three tested varieties.

BURBANK'S CRIMSON WINTER—Very finely flavored, and matures during the winter months. These are scarcest. Will produce marketable and edible stalks months earlier than any other sort. The skin is so tender that it is not necessary to remove it. Plants each, postpaid 25c; 12 for $2.50.

LINNAEUS—A very early, highly delicious Rhubarb. We know you'll like it. Plants 25c each, postpaid. 12 for $2.50.

WAGNER'S GIANT CRIMSON WINTER—An all-season variety, a strong, rapid grower, has thick meaty stems and is better in winter than in summer. Ship ready each, postpaid 25c; 12 for $3.00. Large roots, 25c each, postpaid; 12 for $2.50.

STRAWBERRY—A variety well adapted for California, and yielding very heavy crops. Largely planted for market purposes in San Lorenzo, Villa, Contra Costa, and Fremont districts. Large roots, 25c each, postpaid; 12 for $2.00, delivered free.

CHOICE ARTICHOKE PLANTS

DELICIOUS TO EAT EASY TO GROW

15c EACH—12 FOR $1.50—POSTPAID

12 CHOICE PLANTS FOR $1.25 EXPRESS COLLECT

LARGE GREEN GLOBE—The most popular variety. Very delicately flavored. Served with soups, sauces, or mayonnaise dressing there are few table delicacies to equal it when compared with the Artichoke. Our Customers who have a home should not fail to order a few Artichoke plants at once. Readies, for delivery the year round.

ARTICHOKE
Alfalfa — This is truly the farmers' friend. It stands drought and dampness. As a fertilizing, land-enriching crop it is unequalled. One seeding stands for years. All cattle are fond of it. If possible sow with Oats at the rate of 20 lbs. per acre. It should be cut when in full bloom, but do not cut too early, and be careful not to allow it to become spoiled after cutting. Don't feed hungry stock on it when green, as it is likely to beham them, for they invariably over-eat. Per pound, postpaid 40c; 10 pounds $3.50 by express. Larger quantities write for quotations.

Australian Rye Grass — (Lolium Pereneus)—Grows rapidly in a month from time of sowing. 100 pounds required per acre. Per pound, postpaid, 25c; 10 pounds $2.25.

Burr Clover — The native forage plant of California. Easily cultivated. Grows all winter and well into the summer. We offer only "Hailseed", which is much easier to sow than in the barr. Per pound, postpaid, 35c; 10 pounds $3.00.

Bermuda Grass — Valuable for warm climates, as it withstands hot, dry summers. It germinates slowly. Per pound, 75c.

Canadian Field Peas — Valuable for cattle feeding and for green manure and is also used in large quantities for feeding pigeons. Sow 60 pounds per acre with 30 pounds oats. 20c per pound. Write for price on larger quantities.

Shallu, or Egyptian Wheat

Aromatic and Medicinal Herb Seeds

ANISE—Used as a cordial, and for garnishing and flavoring. The seeds have an agreeable, aromatic taste. Packet 10c, ounce 35c.

BASIL—Sweet. The leaves are used for flavoring soups, stews and highly seasoned dishes. Packet 10c, ounce 50c.

BORAG—The leaves are used for flavoring and the flowers furnish bee pasture. Packet 10c, ounce 50c.

CATNIP or CATMINT—The leaves are used for seasoning. It also makes an excellent bee pasture. Packet 10c.

CORIANDER—The seeds are used in the manufacture of liquors and confectionery. Packet 10c, ounce 25c.

DILL—The seeds have an aromatic odor and warm, pungent taste. They are used as a condiment and also for pickling cucumbers. Packet 10c, ounce 25c.

CHERVIL—Used in soups and salads. Packet 10c; ounce 15c; lb. $1.50.

CARAWAY—Grown for the seeds, which are used extensively for flavoring of bread, pastry, etc. Packet 10c, ounce 25c.

FENNEL—Sweet. The boiled leaves are used in sauces. Packet 10c, ounce 30c.

HORSEMINT—The leaves are used for seasoning, and also for the manufacture of the popular cough remedy. Packet 10c, ounce 75c.

MARJORAM—Sweet. The leaves and the ends of the shoots are esteemed for seasoning in summer and are also dried for winter use. Packet 10c, ounce 75c.

ROSEMARY—The aromatic leaves are used for seasoning. Packet 10c, ounce 30c.

RUE—For medicinal purposes. Good for the cough. Packet 10c, ounce 1.00.

SAGE—The most extensively used of all herbs as a seasoning for dressing. Packet 10c, ounce 75c.

SUMMER SAVORY—A hardy annual. The dried stems, leaves and flowers are extensively used for flavoring—particularly in dressings and soups. Packet 10c, ounce 75c.

Cow Peas — (Black Eye) — Used largely for green manure. It is also valuable if allowed to mature the seed when dry. The vine can be plowed under and the seed used to grind as feed for stock. If for green manure sow broadcast, using 80 pounds per acre. Per pound, 20c postpaid.

Egyptian Wheat or Shallu—A marvelous new grain used extensively for bedding, dressing, drawing and growing under practically all conditions. The stalks furnish a most nutritious and satisfying food for stock and the grain is unsurpassed for poultry. Grows like sorghum and broom corn. Irrigation is unnecessary. Egyptian Wheat is the ideal dry-country forage. Can be blanched as late as July, but we advise earlier planting. Often 35 and 10 stalks will come from a single seed and we have counted as many as 4530 grains in one head. Plant in hills four feet apart, using three pounds of seed per acre. You can look for a yield of from two to four tons of the acre. Per packet 10c, pound 25c, postpaid. Pound 15c by express. 10 pounds $1.25 by express.

Red Clover — (Trifolium Pratense) —Grows much larger and lasts longer than the common red clover. Fifteen pounds required for an acre. Per pound postpaid 45c; 10 pounds $2.50.

Kaffir Corn—Especially desirable for planting where the summers are hot and dry. The stalks and blades cure into good fodder and are also desirable to furnish green forage during the summer months. Per pound 25c, postpaid.

Orchard Grass—(Dactylis Glomerata)—One of the most valuable of all pastures, especially adapted to produce an immense quantity of forage, and well adapted for growing in orchards or under trees. Thirty-five pounds required for an acre. One pound 45c, postpaid.

Rape—Dwarf Essex—A plant of inestimable value to poultry farmers and sheep raisers. Per pound 25c, postpaid; 10 pounds for $1.80. Sow any time from May to August.

Sugar Cane—Early Amber—All kinds of livestock relish it. Sow 100 pounds of seed per acre in drills and 25 pounds broadcast. Per pound 45c, postpaid. Larger quantities write for prices.

Sunflower—Mammoth Russian—An excellent and cheap food for fowls. Three pounds of seed will plant an acre. Yields from 40 to 70 bushels per acre. Sow 30 to 50 pounds per acre. Per pound 25c, postpaid.

Spring Vetches or Taras—Exceedingly nutritious—much more than clover and may be fed with safety to all kinds of stock. It is perfectly hardy and remains green all winter. It should be sown during August and September mixed with Rye which serves as a support for the plants, or in spring with Oats or Barley. Per pound 25c, postpaid; 10 pounds $1.50.

Methis or Indicas—(Bitter Clover) —Starts very early and makes a good growth during the winter. Being 1 foot tall when ready to plow under. The crown of the plant has many stalks leading out from the crown. Not good for hay or forage. Sow shallow, 3/4 inch if the soil is right. Use 20 to 25 pounds of seed per acre. Flowers yellow. Per pound 25c, postpaid; 10 pounds $1.50.

Timothy—(Phleum Pratense) —Grows in any location but does best in moist, deep soils. Exceedingly productive. Relished by all kinds of stock. 15 pounds required for an acre. 25c per pound, postpaid; 10 pounds $1.75.

Prices Subject to Change

BEAUTIFUL EVERBLOOMING CARNATIONS

ONLY

25c Each; 2.50 per doz. postpaid

ANDREW CARNEGIE (Scarlet Harlewarden)—The only scarlet that blooms from early in the season until the end, giving you a continuous cut of flowers for months. Rarely exceeds the quality of the best carnations produced in the season. Unsurpassed for any purpose. Immense size, famous for its vivid color. For home, city, and country.

ALICE (Flush) (Improved Enchantress)—Beautiful dark flesh tint, Huge blooms. Very free-flowing. Larger, more vigorous, and strong-stemmed. Excellent for both indoor and outdoor use. Beautiful for the long season. Unsurpassed for cutting.

AVIATOR (Dazzling Red)—Noted for its brilliant color, and for the fact that it holds its red richness for days. A stalwart producer. A true red, free-flowing, and of the largest size. It is unsurpassed for any purpose. The beauty of this flower is to be seen in the large, bright red flowers. For your own garden or for cut flowers. A true red, free-flowing, and of the largest size. It is unsurpassed for any purpose.

BENORA (Clear White)—Penciled with bright red. Narrow foliage, long stems, flowers largest, freely produced. Very clear-cut and beautiful, keeps like an everlasting flower, ships better than any other variety, even growers who have been prejudiced against "painted" varieties, admire and grow the Benora, because it pays handsomely for its keep, and is a pleasure to handle. Always in good health and good humor.

BELLE WASHBURN (Scarlet)—Very large, bright scarlet flowers, finely fringed and very fragrant. Free blooming, sturdy branching grower. Believed to be the finest scarlet sort yet produced. For pot, cut flowers, or garden.

BOSTON MARKET (White)—Ivory white. Long stems. Immense size, beautiful pink shade, free-blooming. For pot, cut flowers, or garden.

CHICOT (White)—Flowers measure from 2 to 3 inches across. Very free bloomer. No garden should be without this splendid variety. For pot, cut flowers, or garden.

MATCHLESS (The Matchless White)—A very sensational variety, winner of two gold medals. Long, strong stems. Very large flowers, free-flowing, magnificent for pot, cut flowers, or garden.

PINK SENSATION (Rose Pink)—Very large, heavily fringed flowers with exquisite fragrance. Color rose-pink with silvery shadings. Rank growing variety with long straight stems and leathery blue-green foliage. For pot, cut flowers, or garden.

ROBERT CRAIG (Scarlet)—A royal vermilion-scarlet Carnation Of fine, vigorous habit, and a free and unceasing bloomer. Exquisitely perfumed. For pot, cut flowers, or garden.

SUNSET (Variegated)—A superb novelty. The broad, saw-edged golden yellow petals have white carmine stamens running thru the center, and are also fringed with carmine. The flowers—of mammoth size—are borne on long, stiff stems, and will last from 10 to 15 days after cutting. A wonderfully free bloomer. For pot, cut flowers, or garden.

PROSPERITY (Variegated) — The finest: scarlet with pink mottles, that deepen in color towards the center. One of the largest. For pot, cut flowers, or garden.

PRINCESS BONI (Pale Rose)—A fine Carnation. Color, pale rose, mottled with deep shade of pink. Large flowers, free bloomer. For pot, cut flowers, or garden.

QUEEN LOUISE (White)—Crisp, snowy white. Large flowers, long wiry stems. Exquisitely perfumed. For pot, cut flowers, or garden.

WILLIAM SCOTT (Pink)—A delicate pink. Large flowers. Long stems. Deliciously fragrant. For pot, cut flowers, or garden.

WHITE ENCHANTRESS (White)—A free-blooming white beauty. The flowers are of great size and have broad and massive petals. Extra fine for florists as well as garden culture. Introduce five years ago.

LADIE A Marvellous Novelty

A gorgeous glistening salmon pink Carnation that is destined to create furor among lovers of this beautiful flower. The flowers are truly enormous in dimension, measuring 4 to 5 inches in diameter, and are borne on very stiff stems that average from 2 to 3 feet. Laddie has been thoroughly tested for hardness, rapidity of growth, certainty and abundance of bloom, size, uniformity of color, fragrance and all around merit.

Our New Way to Order Dahlia Roots

Owing to the fact that most of the Dahlia lovers are not familiar with the names and types of Dahlias, last year we started this method of ordering, the buyer to purchase their favorite colors. It proved a large success, and we wish again this year to extend this privilege. In ordering by color, you will find that the choice varieties, large sized flowering bulbs and the richest you can order. So many varieties are now alike that it is hard to select from a descriptive catalog. We offer a collection of colors, which in our judgment are the best Decorative varieties, unequaled for cut flowers and named in size. Red, Orange, Lavender, Yellow, Maroon, White, Pink, Terra Cotta, Old Gold, Pink (white center), Crimson, Indigo, and more.

25c Each; $2.50 Dozen, Postpaid

[IF ORDERED BY DESCRIPTION WOULD COST $5.00 to $10.00 PER DOZEN]

The BIG "3" of the Chrysanthemums

THREE OF THE WORLD'S LARGEST
A CHILD CAN GROW SPECIMEN FLOWERS WITHOUT ANY TROUBLE

THE TURNER FAMILY OF THREE
Only 75c Postpaid For Set

MRS. WM. TURNER—World's Largest Chrysanthemum—White—The largest Chrysanthemum in the world are won by Mrs. Wm. Turner, winner at Panama-Pacific Exposition at San Francisco in 1915. This wonderful white Chrysanthemum will measure 10 inches in diameter, ball shaped—keeps 13 days after cutting with proper care. It is one of the strongest of growers and the flowers are supported on cane-like stems 4 to 5 feet long. 2c each; $2.50 per dozen, postpaid.

YELLOW TURNER—Magnificent New Introduction—(Yellow)—This superb new Yellow Turner defies description. In size, form and habit resembles the Mrs. Wm. Turner, instead of being white it is a beautiful bright canary-yellow. The blooms are borne on long strong stems and keep for days without losing their freshness. 2c each; $2.50 per dozen, postpaid.

PINK TURNER—Another one of the world's best Chrysanthemums. It is one of the strongest of growers. Exceptional large flowers, supported on cane-like stems 4 to 5 feet long. Will last two to three weeks after cutting in water. Color of a most pleasing pink. This wonder deserves a place in every garden as well as in every show. 2c each; $3.00 per dozen, Postpaid.

CLASS "A" COLLECTION (Continued)

MRS. JEROME JONES—(White)—White flowers with incurved petals. Flowers cut from this variety will last 2 to 3 weeks. Late bloomer.

MRS. ROBINSON—(White)—Mammoth flowers with beautiful incurved petals.

WHITE CHIEFTAIN—The grandest white of them all. A large globular blossom, incurved with beautiful dark foliage and stiff stems.

WM. DUCKHAM—(Pink)—Incurved pink flowers. Wonderously beautiful, very long stems.

CHAS. C. NAVLET CO.'S
OSTRICH PLUME CHRYSANTHEMUMS

Per plant 20c; per set of six 75c. DELIVERED FREE

WM. FALCONER—(Rose)—An exquisite shade of rose blush, changing to a delicate flesh-pink. Flowers are of the largest size, and borne on strong stalks.

ENFANT DES MONDES—(Cream)—A strong free-growing cream-white variety. Fine for cut flowers or specimen pot plants.

MIDNIGHT—(Crimson)—A rich crimson lake. The flowers are densely covered with hairs.

MRS. HIGGINBOTHAM—(Pink)—Enormous bright pink flowers with wide incurved petals. Extremely hairy.

FAVORITE PLANTS IN EVERY GARDEN

The plants listed on this page are especially recommended for the California garden, being those varieties that seem to give best results under California soil and climate. Each one is chosen for the least trouble and most satisfaction. They are the very choicest for flowerers, beds, hanging baskets, window boxes, etc. Ready for immediate delivery.

ANTIRRHINUM PLANTS—(Snapdragon)—Whether grown for cutting, for drying, or for the garden, they are one of the most valuable flowers. Begin flowering early and continue until hard frosts. Large, bright scarlet or delicate pink flowers. Plants 50c per dozen; $3.50 per 100, postpaid.

CANTERBURY BELL—A new type, very small blue flowers and foliage, fine for pots, rockeries or borders. In bloom from early spring until late in the fall. 25c per dozen; $5.50 per 100; postpaid.

CHRYSANTHEMUM MARGUERITE—Mrs. F. Sander—Unlike any other Marguerite, its color is of the purest; glistening white throughout; in size it frequently measures 5 inches across: the center of the flower is a mass of closely arranged fringed florets; these are surrounded by petals edged with yellow, shining white-ray petals, forming a flower which resembles a bouquet of asters.

GOLDEN FEATHER PLANTS—(Yellow Feverfew)—Indispensable for borders. Plants 25c per dozen; $2.25 per 100, postpaid.

Gypsophila—(Baby’s Breath)—Pretty, free-flowering elegant plants succeeding in any garden soil. Their misty white panicles of bloom are largely used for mixing with other cut flowers. Plants 25c each; $1.50 per dozen, postpaid.

HELIOTROPE PLANTS—General favorite. Delightfully fragrant flowers. Pure white, dark purple, lavender. An old-fashioned flower and an old-fashioned favorite. 15c per plant; $1.50 per 100, postpaid.

HYDRANGEA PLANTS—Hills of Snow—(Snowball Hydrangea)—No hardy shrub can compare with this grand novelty for freedom of bloom, duration of bloom or beautiful white blossoms as a cut flower. Plants 50c each, delivered free. Large plants 50c to $1.50 each, by express.

HORTENSIS—Prolific bloomer producing immense balls of shell-pink flowers. Large plants for use for center of lawns or in large beds for immediate results. 50c to $1.50 each, by freight or express.

THOMAS HOGG—A pure, white variety. Small plants 25c each. Large plants, 75c each, postpaid.

LOBELIA—Dwarf—For edgings, beds, baskets and pots there is nothing better. Pretty dark blue flowers. Gardeners’ favorite. Plants 5c per dozen, $0.50 per 100, postpaid.

—Double Dwarf—An intense blue Lobelia. More showy than single variety and very easy to grow. Thick, abundant foliage. Plants 15c per dozen, 12 for $1.00, postpaid.

—Trailing—Light blue flowers. Fine for baskets. Plants $0.50 per dozen, $3.50 per 100, postpaid.

LANTANA PLANTS—Constant bloomers. Very early grown in hot beds, in climate, soil or situation. Produce verbenas-like cluster of flowers in bright orange—pink with misted centers—lavender with orange centers—blue. Plants 15c each, $1.50 each, per dozen, postpaid.

LAVENDER PLANTS—Blue. A hardy shrub well known and esteemed for its delicious fragrance. Flowers borne on long stems, the stems are used for fancy work, the flowers are dried and used in sachet bags, in bunches for a garland, for the Harrison arrangement, or for the “Harrison” of faded flowers, and they make graceful little bouquets. The blossoms are quite large, the blue being suffused with a purplish tinge, and there are a number of different varieties. The best known is “Gnome.” Plants 50c per dozen; $3.50 per 100, postpaid.

LAVANDULA PLANTS—Lavender. For edging the garden. Plants 25c each; $2.00 per dozen, postpaid.

LOBELIA PLANTS—Lobelia. Plants 5c each; $0.25 per 25, $2.25 per 100, postpaid.

LOVAGE—Lovage. An essential in all herb gardens. Plants 5c each, $0.25 per 25, $2.00 per dozen, postpaid.

LUCIFER (Cray—Flower)—One of the most popular flower for bedding; for brilliancy and diversity of color, fragrance, profusion and duration of bloom it is unsurpassed. Assorted colors. 25c each, $1.50 per 100; postpaid. Separate colors: White, Red, Purple, Crinum, Yellow, 75c per dozen; $4.00 per 100; postpaid.

Flesh Colored Double Flowering Stocks—Have immense trusses, bords or long stems. One of the prettiest varieties for cut flowers. 75c per dozen, postpaid.

SWEET HERBS—(Aridoro)—Very popular, very easily grown in pots. Perfumes the room and winter gardens. Plants $0.50 per dozen, $3.50 per 100, postpaid.

WANDERER—(Cimicifuga)—A very fine hardy perennial for tall places. Nice clusters of flowers. Plants 25c each; $1.50 per 100, postpaid.

SWEET VENTS—(Galeola Alba)—Pure white flowers, produced in sprays of from 12 to 20. 25c each; $2.00 per dozen, postpaid.

SWEET VENTS—(Crispum)—One of the most popular sorts for cutting. Plants 25c each; $1.25 per 100, postpaid.

MARKHAM’S FLOWER—(Cimicifuga)—A hardy perennial. Plants 25c each; $1.50 per 100, postpaid.

WANDERER—(Cimicifuga)—A very fine hardy perennial for tall places. Nice clusters of flowers. Plants 25c each; $1.50 per 100, postpaid.

SWEET VENTS—(Galeola Alba)—Pure white flowers, produced in sprays of from 12 to 20. 25c each; $2.00 per dozen, postpaid.

SWEET VENTS—(Crispum)—One of the most popular sorts for cutting. Plants 25c each; $1.25 per 100, postpaid.

MARKHAM’S FLOWER—(Cimicifuga)—A hardy perennial. Plants 25c each; $1.50 per 100, postpaid.

WANDERER—(Cimicifuga)—A very fine hardy perennial for tall places. Nice clusters of flowers. Plants 25c each; $1.50 per 100, postpaid.

SWEET VENTS—(Galeola Alba)—Pure white flowers, produced in sprays of from 12 to 20. 25c each; $2.00 per dozen, postpaid.

SWEET VENTS—(Crispum)—One of the most popular sorts for cutting. Plants 25c each; $1.25 per 100, postpaid.
**GARDENIA**

HERADA—Something entirely different, but another good one. Blooms of immense size on tall stalks. Spikes. Massive in every way. The large blooms are pure white, glistening and clear, with deeper markings in throat. A very attractive color. 25c each; $2.50 per dozen, postpaid.

HALLEY—First to bloom. A large elegant flower of salmon-pink tinged rose; the petals have a creamy blotch with a stripe of bright red through the center. Selected bulbs 10c each; 75c per dozen, postpaid; $5.00 per 100.

MRS. S. D. WATSON PENDLETON—The flowers are very large and very expanded, of a lovely flushed salmon-pink with brilliant emaraine, or deep, blood-red blottles on the throat, presenting a vivid contrast of orchid-like attractiveness. 15c each; $1.50 per dozen, postpaid; $10.00 per 100.

MRS. WATT—American Beauty color. A predominating variety. Very beautiful. Long stems. Large flowers. 10c each; $1.50 per dozen, postpaid.

PINK PERFECTION—A glorious new foreign variety that has received awards of merit both in England and Holland. Flowers of immense size on tall, straight, well-filled spike; color lovely rose-pink. Selected bulbs 15c each; $1.50 per dozen, postpaid.

ROCHESTER WHITE—A pure white Gladiolus. A really white all over clear to the throat, in fact the anthers and pollen are white. Selected bulbs 25c each, $2.50 per dozen, postpaid.

SCHWABEN—White, pale yellow, dark blotch in center. 15c each; $1.50 per dozen, postpaid; $10.00 per 100.

PRINCE OF WALES—Salmon-pink—mammoth flowers, long stems. 20c each; $2.00 per dozen, postpaid; $10.00 per 100.

**AGAPANTHUS UMBELLATAS**—For centerpieces for the lawn the Agapanthus cannot be excelled. In a season it grows 2½ to 3½ feet high. The foliage is somewhat like Amaryllis; it never dies, and is in bloom nearly all the year round. 50c each, $5.00 per dozen, postpaid; $50.00 per 100. Plant from October to April.

AGAPANTHUS ALBA—Same as above, only pure white flowers. . . . 50c each postpaid; $5.00 per dozen. Plant from October to April.

AMARYLLIS—

Belladonna Major—A summer blooming variety of extremely beautiful silvery-pink sweet-scented flowers should be planted early. Mammoth bulbs 25c each, $2.50 per dozen.

Johnson of Bermuda Spice Lily—A grand variety, producing extra large white pure flowers with a running pink petal. Mammoth bulbs 60c each, $5.00 per dozen. Plant from February to April.

Belladona Minor—An autumn or late blooming variety. Comes in bloom when all other varieties of Amaryllis and summer blooming flowers have ceased to bloom. A true belladonna minor, flowers white, the petals being very narrow and white, but canna require to make them do. Strong roots 50c each, postpaid. Large roots 75c and $1.50 each, by express.

JAPANESE IRIS—Wonderfully beautiful. Popularly colored. Many of the flowers measure from 10 to 12 inches in diameter. Assorted colors, 35c each, 12 for $3.50, postpaid. Plant from January to March.

CHOICE CALLA LILIES—

True Yellow Calla—This rare and beautiful novelty is entirely distinct and unlike all other varieties of Yellow Calla. It has the same habit of growth as the white variety. 35c each, postpaid.

Spotted Leaf Calla—An exceptionally pretty and curious plant; pure white, dark spotted flowers. Rich green leaves, spotted over with white. Grows and blooms freely either in the house or garden. Large bulbs 25c each; $2.50 per dozen, postpaid.

White Calla, or Lily of the Nile—White flowers. Large bulbs 15c each; $1.50 per dozen, postpaid. Plant Calla Lily from August to March.

GODFREY EVER-BLOOMING CALLA—(New). Flowers as large as the largest and outdo others the three to one. White as drifted snow to the heart of the Lily. Plant very compact. 25c. 25c, 50c per dozen postpaid.

MADEIRA VINE—The old favorite. Climbing Mignonette produces thick, glossy and long hanging stems of feathered white flowers, which are strongly and delightfully perfumed. Plant from January to June. Roots 10c each, 12 for 50c postpaid.

PAONIES—Make a gorgeous display when planted in beds on the lawn or planted singly along a walk or herbaceous border. The roots should be planted so that the crown is covered with two inches of soil. Choice double-flowering pure crimson and rose pink, strong roots 75c each, postpaid, 12 for $7.50. Plant from October to June.
SPRAYS, GARDEN TOOLS, FLOWER POTS

“NICO DUSTER”

ALL DUST SPRAY MACHINES

NO COG WHEELS TO SLIP OR WEAR—NO PARTS THAT COULD NOT BE MADE IN YOUR HOME TOWN SHORT TIME.

—ONLY $7.00 EACH—

HAS NO EQUAL IT IS IMPOSSIBLE TO EXPRESS OUR OPINION AS TO ITS EFFICIENCY.

This reliable machine has no equal in the application of dry insecticides and fungicides. Applies any kind of dry insecticide, arsenate of lead, Paris green, dry Bordeaux, sulphur, sulphur-nicotine, hydrated lime and nico dust. Light in weight, convenient to carry, an even flow of dust is assured. Flow can be regulated as desired. Gives an amply dustcloud. Has a strong air force. Easy to operate. Will not choke or clog. Well constructed. Peerless in its performance. Quality maintained throughout.

The NICO-DUSTER is a one-man machine. It is small in weight and cost, but big in action. It is easy to operate and capable of accomplishing an enormous amount of work. It can be filled and put into action in a few moments, always dependable and ready at critical times.

ASK FOR DEMONSTRATION

INSECTICIDES AND FUNGICIDES

NICO DUST—Is made exclusively for the control and eradication of the Walnut—Peach—Persimmon—Prickly—Thrips—Onion Thrips—Orange Aphis and all such similar insects.

SULPHO-TOBACCO SOAP—A wonderful bug and insect exterminator.

TREE TANGLEFOOT—For protecting trees against ants and climbing insect pests. 1 pound costs 60c, postpaid.

MILDEW—Kills mildew on Roses and all other plants subject to mildew. 16 oz—15c, by express.

SLUG—For kills and slugs will not injure plants. 8 oz—25c by express.

ARSENATE OF LEAD—A dry powder which may be dusted or sprayed. Only one-quarter as much required as of the paste form. Use 2 to 3 pounds per 100 gallons of water. Does not burn leaves.

BLACK LEAF 40%—Tobacco extract is the strongest extract of tobacco made, being 40 per cent pure nicotine. It is much valuable as a spray on trees and bushes against aphids and thrips. Dilute 1 to 600, and use with 1 pound white oil soap to 5 gallon cans, 1 ounce bottle will make 6 gallons of spray, 25c; one-half pound can, $1.00; 2 pound can, $2.25; 10 pound can, $13.75. By express only.

BORDEAUX MIXTURE—The most popular fungicide on the market curing and preventing blight, black rot, rust, scab, and all diseases of vegetables and fruit. One gallon diluted with 40 parts water makes a most effective spray. One pound 50c, 10 pounds $3.25. By express only.

WHALE OIL SOAP—Dissolved with water makes a plant spray that cannot be heat. House plants and palms should be sprayed or sponged at least once a month to assure health and prevention of all against scale. 1-pound can 30c—if wanted by mail add 6c per pound postage. Write for prices in larger quantities.

TOBACCO STEMS—The most economical way of using tobacco as an insecticide, sure death to green and black fly and similar garden pests. Dilute with medium warm water and spray the plants thoroughly, 10c per pound—if wanted by mail add 6c per pound postage. Write for prices in larger quantities.

FERTILIZERS

NITRATE OF SODA—Valuable solely for the nitrogen it contains. It is chiefly a stimulant, used in addition to other fertilizers. It is quick in action and hastens crops to maturity. 15c pound, postpaid; $1.00 per 100 by express.

LAWN DRESSING—(Bone Meal)—Some kind of fertilizer is necessary in lawns. Our lawn dressing will invigorate the growth and keep it a dark green color. Two applications a year are necessary. Use about two and one-half pounds to one hundred square feet. By express, not prepaid, 5 pounds 35c; 25 pounds $1.50; 100 pounds $5.00.

Adapted for all kinds of spraying purposes and is used largely by gardeners and florists, as well as for spraying disinfectants of every description. The air chamber is 18 inches in length and ½ inches in diameter. Price 50c by express. Special price by the dozen. Delivered 75c.

The Auto-Sprayer operates continuously on both the up and down stroke. The jet is regulated by a fine misty spray. Will handle all solutions, insecticides and disinfectants. Used in the greenhouse, kitchen garden, for rose bushes and in the poultry house. Galvanized. Each $1.25 by express, or $1.40 postpaid. Tin 65c each; 75c, postpaid.

WARD’S GOPHER TRAP

Without doubt the best style of trap made. Brass jaws. Never fails to catch the rodents. If you want a trap that does the business—order this.

PRETTY PLANT FREE—If you will fill in below the names and addresses of five or more of your friends who are interested in Bulbs. Seeds, Plants, Trees, etc., we will include with your order a pretty plant as a gift for your kindness.
BUTTERFLY BUSH OR SUMMER LILAC
Long tapering flower spikes, often a foot in length, covered with blooms of miniature size, possessing a sweet heliotrope fragrance. Will perfume the entire garden all through the season. A paradise for butterflies. This flower, the past season, has become very popular with florists and flower lovers.
Lilac Colored, 25c each; 5-in. pot, 60c, postpaid.
New Golden Colored, $1 each; 5-in. pot, $2.50, postpaid.

LOS ANGELES ROSE
Latest and Most Wonderful Rose Introduction
LOS ANGELES is one of the finest roses ever introduced. Long-stemmed flowers, flame-pink toned with coral and shaded with translucent gold. $1.00 each, or 12 for $10.

THORNLESS BLACKBERRY
A Wonderful Novelty—Perfectly Thornless
It is a rapid grower; canes are large and strong; foliage large, thick and deep green in color; fruit enormously large; very early. 35c each, postpaid; 10 for $2.50.

GUINEA BEAN
The Wonder of the Age
One vine will feed a family of eight
Used by the Italian people the same as the Italian Squash. For table use the fruits should be picked when about the size of a cucumber, and are cooked like summer squash. They have a very fine flavor and are liked by all.
Price per Packet, 10c, Postpaid

MILLIONAIRE MUSKMELON
Chas. C. Navlet Co.'s Wonderful Introduction
The flesh is so unusually thick that it leaves only a very small hole in the center. Some weigh as high as 9 pounds.
Packet, 10c; ounce, $1.50; quarter pound, $6.00; pound, $15.

"BUG-PROOF" SQUASH
Only Squash known to be "Bug Proof"
It produces colossal crops. It keeps in perfect condition for a whole year. The fruits are of oblong shape—have very rough and very hard shells, and weigh about 40 pounds each on an average. The flesh is a rich yellow in color, very thick, fine grained, sweet, dry and of surpassing flavor, either roasted, boiled, steamed, baked or in pies. It is one of the finest squashes for feeding to stock. Per packet, 10c; ounce, 25c; quarter pound, 75c; pound, $2.50. Postpaid.
Chas. C. Navlet Co's Recleaned Kentucky Blue Grass Seed

Produce a Firm, Deep, Velvety, Elastic Turf of Beautiful Emerald Green.

The best for lawns and pleasure grounds. Has no tendency to stand or grow in clumps. It roots deeply and holds its beautiful color throughout the season. The best time to set out a lawn is in the spring and fall, although it can be set out any time properly cared for, is well watered and not allowed to dry out. Our Kentucky Blue Grass Seed is of the highest quality, the finest in the world, grown in Paris, Kentucky, and imported to us from Kentucky. It is free from weeds. We buy direct from the grower, and all our seed is carefully tested. If you use our Kentucky Blue Grass Seed you will get a lawn free from weeds. Requires one pound for every 225 square feet. Pound, postpaid, 80c; by express, not prepaid, 75c.

CHAS. C. NAVLET CO'S BLUE GRASS

LAWN DRESSING

To insure a rapid growth of grass, especially where the nourishment of the soil has been used up by continuous growing on the same place, this fertilizer should be used. It keeps the grass a beautiful deep dark green. Use 2 to 3% pounds of dressing to every 225 square feet of lawn. By express or freight, not prepaid, 5 pounds 56c; 25 pounds $1.75; 100 pounds $5.00.

Printed by SMITH & McKay, San Jose, Cal.
Hardy Flowering and Ornamental Shrubs

WE CARRY AN ENORMOUS STOCK OF SHRUBS AND A LIST OF VARIETIES TO SUIT ALL—Write us your wants and we will quote.

Selected Deciduous and Evergreen Varieties

**Acacia Baileyana**
The earliest of all Acaecias to bloom. Usually in flower by New Year's. Foliage has an intense silvery hue and flowers are deep golden yellow. Plants, 2 to 3 ft., $1.50 each; 12 for $18.00.

**Berberis Darwinii (DARWIN BARBERRY)**
Has leaves shaped like those of the Holly, and bears an abundance of yellow flowers during winter and spring. Plants—1 to 1 1/2 ft., $1.50 each; 12 for $18.00.

**Berberis Thunbergii (THUNBERG'S JAPANESE BARBERRY)**
An attractive small shrub of arching growth. Flowers yellow; berries red. The foliage assumes a brilliant and beautiful coloring in the fall. Plants, 1 to 1 1/2 ft., $1.00 each; 12 for $12.00.

**Choisyia Ternata (MEXICAN ORANGE SHRUB)**
A fine shrub with green leaves and a profusion of white flowers resembling orange blossoms and almost as fragrant. Plants, 1 to 1 1/2 ft., $1.00 each; 12 for $12.00.

**Christmas Berry (Toyon)**
Our native shrub—too well known to require elaborate description. We offer strong nursery-grown plants. Plants, 6 to 8 in., $1.00 each; 12 for $12.00.

**Coprosma Baueri (LOOKING GLASS PLANT)**
So called from the intense lustre of the leaves which look as if they had been freshly varnished. Noted for quick growth. Excellent for dry location as dust will not stick to the foliage. Plants, 2 to 3 ft., $1.00 each; 12 for $12.00.

**Cotoneasters**
Are of the greatest value for their showy berries. Thoroughly fine in every way and should be in every garden.

**ACUMINATA**—Large variety of erect growth, bearing very large red berries. Plants, 2 to 3 ft., $1.50 each; 12 for $18.00.

**FRANCHETI**—Decided arching growth. Berries are inclined to be yellowish-red. Plants, 2 to 3 ft., $2.00 each; 12 for $24.00.

**FRIGIDA**—The strongest grower of them all. Bears the greatest profusion of berries which comes in large clusters all over the plants. Plants, 2 to 3 ft., $1.50 each; 12 for $18.00.

**HORIZONTALIS**—Grows almost flat on the ground. Partially deciduous. Bears a large crop of berries, which is fairly profuse. Plants, 1 to 1 1/2 ft., $1.50 each; 12 for $15.00.

**MICROPHYLLA**—Similar to the above but the leaves are smaller, darker green and the Microphylla is perfectly evergreen. Plants, 1 to 1 1/2 ft., $1.50 each; 12 for $15.00.

**PANNOSA**—Strong, branched and arching growth. Berries very freely. Berries are a beautiful vermilion-red. Plants, 1 to 1 1/2 ft., $1.00 each; 12 for $12.00.

**Diosma Ericoides (BREATHER OF HEAVEN)**
An old garden favorite. Foliage very fine and delightfully scented. Flowers are pure white, small, and borne in great profusion. Plants, 1 to 1 1/2 ft., $1.00 each; 12 for $12.00.

**English Holly**
A well known plant having brilliant red berries. Most plants sold are seedlings and have very little value. Our's are grafted stock and therefore very satisfactory. Plants, 3 to 4 ft., $5.00 each; 12 for $60.00.

**Eucalyptus Ficifolia (SCARLET-FLOWERING EUCALYPTUS)**
Unlike any other varieties, the Ficifolia is a decided dwarf, rarely growing to a height of more than 12 ft. Flowers are usually red—sometimes salmon-pink, orange-red, etc. One of the most beautiful tree-shrubs that can be grown in our climate. Plants, 4 to 5 ft., $2.00 each; 12 for $24.00.

**Myrtus**
COMMUNUS (English Myrtle)—A beautiful shrub with small glossy aromatic foliage and white or capacious-scented flowers. Plants, 1 1/2 to 2 ft., $1.00 each; 12 for $15.00.

**COMMUNUS MICROPHYLLA**—A smaller, leaved form of the above. Very neat and compact. Plants, 6 to 12 in., $1.00 each; 12 for $15.00.

**Pyracantha Angustifolia**
Sometimes known as “Cotoneaster Angustifolia.” Growth is very spreading. Leaves are nearly round. The berries, borne in greatest abundance, are lemon-yellow at first, deepening later to ruby-orange. Plants, 1 1/2 ft., $1.50 each; 12 for $18.00—3 to 4 ft. $2.50 each; 12 for $30.00.

**Rhododendrons**
The most gorgeous of all flowering evergreen shrubs. Leather leaves. Bears enormous clusters of brilliant colored flowers. Should be planted in the shade. Plants, 6 to 8 in., $3.50 each; 12 for $45.00.

**Sollya Heterophylla (BLUE BELL)**
A climber of moderate growth. Always in bloom. The bell-shaped flowers are of a beautiful blue. No prettier climber grown. Plants, from 4-in. pots, $1.00 each; 12 for $12.00.

**The Latest Novelty in Flowering Peach**
They bloom in April, and the branches are covered with a mass of beautiful double pink, dark pink and rose pink flowers as large as Camellias, long before the leaves appear. 2 to 3 ft., $2.50 ea.

**Selected Ornamental and Shade Trees**
